

My name is Kendra Bennett, your State President-Elect for Florida FCCLA. I live in a small rural town in Northwest Florida, which is best known for fishing and agriculture. My hobbies include traveling, reading, and playing sports. I enjoy listening to music, talking on the phone, flying, shopping, and hanging out with friends and family. Aside from FCCLA, I am an active participant in Student Government, Anchor Club, Beta Club, TSA, church, and my school's golf team.

My favorite quote is, "When life gives you a hundred reasons to cry, show life a thousand reasons to smile". FCCLA is an important part of my life because it allows me to grow as an individual, help others, and gain leadership responsibilities.
