

Veronica Holzhausen

VP of MANAGEMENT

veronica@flfccla.org

Hey Florida FCCLA! My name is Veronica Holzhausen and I am representing Region 3 as your State VP of Management. I love FCCLA because it's like a second family to me, it promotes acceptance, is caring, and is the home to someone who always has your back. I joined FCCLA my sophomore year in efforts to help myself become a better person, meaning to become more sociable and to help out my community in any way possible. Being an officer has helped me gain leadership and management skills, which I can use in my own school, community and in my future career as a Psychologist. FCCLA has made my love for children grow ten times more compared to what it was my freshman year. Also, this organization has helped me decide that in the future I want to have open arms for anyone who is having a difficult time or just wants someone to talk to!
