

Dear Soldier,

On behalf of Florida Family, Career and Community Leaders of America (Florida FCCLA) we would like to help support our troops.

No one knows the type of pain our military encounters. It is hard having to make decisions and sacrifices when you want to better your country. It is hard to leave your family and friends behind, but you do it for the greater good. You risk your life everyday so us citizens can live peacefully and free. America is very thankful for the brave work you have accomplished. Thank you for your service and defending our country. Your contributions are greatly appreciated.

Without a doubt in our mind, we as leaders in FCCLA give you our loving support. FCCLA would like to thank you for your patriotism, bravery, and sacrifices that you make for our country. To show you our gratitude we would like to provide you with a care package for our token of appreciation. America wouldn't continue to be a free country if it wasn't for the continuous sacrifices of our brave soldiers. Here's' to **“Tuning in with our Troops”**.

Thank you for being a hero,
